059	G	<u>Michigan Natural Resources Trust Fund (MNRTF)</u>	The MNRTF provide grants to local units of government for acquisition and development of land and facilities for outdoor recreation or the protection of Michigan's significant natural resources. Applications are evaluated on established criteria established by the MNRTF Board of Trustees. The Michigan Natural Resources Trust Fund Board makes project recommendations and funds for the projects must be appropriated by the Legislature. Criteria are published annually in the "Recreation Grants Selection Process" booklet provided to all applicants. Applicants must have control of the property they intend to develop, and the grantee must commit to maintain the project site for public outdoor recreation use in perpetuity.	Any local of government, including school districts, or any combination of units in which authority is legally constituted to provide recreation. Local units of government, school districts and local authorities must have a DNR-approved recreation plan to be eligible.	Acquisition of lands or rights in land or the development of facilities for public outdoor recreation use.	No limits for acquisition projects; \$15,000 minimum (\$20,000 project cost) and \$500,000 maximum grant for development projects.	At least 25% of the total project cost is required.	Applications must be postmarked (by the U.S. Postal Service) no later than April 1, 2004. A secondary application deadline of August 1, 2004 is for acquisition applications only.*
060	G	<u>Recreation Improvement Fund</u>	The Recreation Improvement Fund (RIF) provides grants to State/local government partnership projects for the development of non-motorized trails that form a part of or connect to the statewide trail network. <b><u>The DNR must always be the applicant.</u></b>	Local Units of Government in partnership with the DNR.	Development of trails and trail support facilities that support the statewide trail network.	No limit on individual projects.	None	July 1 of each year.
